- Python
- Git
- Jira
- Linux

EDUCATION

Bachelor of Engineering
Jamia Millia Islamia
2021

Diploma in Engineering
Aligarh Muslim University
2015

Professional and creative DevOps engineer with more than 2.5 years of experience in DevOps. I have hands on experience in deployment, automation, optimization, monitoring and management of reputed customer Dev, QA and Prod infrastructures.

WORK EXPERIENCE

Analyst at Wipro

March 2022 - Present

- Responsible for writing/creating scripts for different automation tasks related to DevOps pipelines.
- Perform deployment and maintenance with Jenkins, Ansible and Helm chart on EKS and VMs on AWS.
- Setup full CI/CD pipelines so that each commit a developer makes will go through the standard process of software lifecycle and gets tested well enough before it can make it to production.
- Integration of infrastructure and applications with Zabbix, Integration of Kubernetes with Grafana and Prometheus for applications and microservices and log level monitoring with Splunk.
- Responsible for undertaking deployment of daily and weekly patches into Prod, QA, and DEV.
- Proactively responded to incidents during on-call rotations.
- Implemented Grafana for real-time system monitoring and logging, ensuring optimal system health and performance.
- Automated operational tasks using Ansible for enhanced system reliability.
- Developed and maintained shell scripts for task automation and orchestration.

CERTIFICATIONS

- AWS Cloud Practitioner
- Python PCEP
- Zabbix Certified User
